

Dear Sponsor,

Thank you for considering helping support Team New York Cardinals. Team New York is a non-profit organization which prides itself in helping young student-athletes reach their goals on the baseball diamond, as well as assisting them in finding the right institution of higher learning as their high school careers come to a close. We focus ourselves on player development - academically, socially and physically. A fundamental Team New York belief is to give student-athletes the opportunity to learn lessons that will be useful throughout their lives. The words "patience", "understanding", "success", "goal" and "team" are not only words, but also factors that will make their adult lives complete.

We offer top-level coaching, maximum exposure to the college and scouting communities, as well as the opportunity to play in the most highly competitive baseball leagues in the tri-state area. Team New York believes in maximum exposure, so we have our teams participate in tournaments throughout the United States and Canada.

Our managers and coaches stress fundamentals, implement professional level coaching attitudes, strategies and exercises to allow players to maximize their full potential, and train to remain mechanically solid, physically strong and injury free.

With the financial assistance of people such as you, we will be able to meet the heavy financial burdens of six teams (ranging in age from 13-22). Our expenses are extensive: they range from, field permits; uniforms; equipment; umpire fees; tournament fees; travel costs; league fees and a list of other costs which makes it difficult for many young people to afford the costs of a baseball season – through no fault of their own. With your help, we will be able to offer baseball to all student athletes who would like to play.

We would like to eliminate the financial burdens from our potential young players, so they can concentrate on what is important- academics and athletics. Team New York Cardinals can do this, but only with the help of caring and able sponsors.

Your TAX DEDUCTIBLE donation will allow us to help players from various parts of the New York State, as well as those who choose to play for our organization from places outside the tri-state area. Since we are a non-profit organization, every dollar will go towards supporting the current and future players of Team New York Cardinals.

Thank you in advance for your caring, and understanding in helping the betterment of all student-athletes who proudly wear the Team New York Cardinals uniform. Please look at our website- [www.teamnycardinals.org](http://www.teamnycardinals.org) for more information.
